Award-Winning New York Orthodontist Dr. Deborah Fox

A member of the American Dental Association and the American Association of Orthodontists, Dr. Deborah Fox earned a bachelor of science in biochemistry and a doctor of dental surgery (DDS) from the University of Michigan. While working toward her DDS, she gained admittance to the Chi chapter of the Omicron Kappa Upsilon dental honor society. Dr. Deborah Fox subsequently completed medical training as an orthodontist at the University of Illinois. She has operated her own private practice in Rochester, New York, since 1993.

From 2011 to 2013, her office made the finals for Greece, New York's Small Business of the Year, and in 2014, the Greece Chamber of Commerce named Dr. Fox its Businessperson of the Year. She currently maintains a rating of four out of five stars on the independent medical consumer website Health Grades. At the cutting edge of new medical technology, Dr. Fox recently acquired an Itero Scanner that replaces traditional impressions with digital 3D models made from oral scans.
