

Rocky Cullens

Oral Maxillofacial Surgeon in Oklahoma - Dr. Rocky Cullens

Rocky Cullens, DDS, currently balances his dental practice between roles as president of Tulsa Oral & Maxillofacial Surgery, Inc., and senior staff member over oral maxillofacial surgery Tahlequah, Oklahoma. In his assignment he treats tribal patients that needs surgical attention while specializing in procedures such as cleft lip and palate treatment. Among his other achievements, Dr. Rocky Cullens performed the first total replacement of the temporomandibular joint at the hospital.

Throughout his career, Dr. Cullens has served as a surgeon at various hospitals and clinics, including the University of Oklahoma Health Science Center, where he oversaw level-one trauma and level-two emergency responses. He also worked with medical students as they completed their third year of residency.

Away from his professional responsibilities, Dr. Rocky Cullens enjoys watching college football and walking his dogs. He recently took an interest in cigar collecting and has started filling a humidor. In addition, he likes to travel throughout the Caribbean.
