Phone: 858.909.9000

Address: 4150 Regents Park Row, Suite 300
La Jolla, California 92037

Website: <http://www.drmofofid.com/>

Dr. Mark Mofid is a Plastic and Reconstructive Surgeon certified by both the American Board of Plastic Surgery and the American Board of Facial Plastic and Reconstructive Surgery. He serves as a diplomate on both these boards. Dr. Mofid has had his boutique practice in La Jolla, part of the Greater San Diego area, since 2004. Procedures that he performs include facelifts, rhinoplasty, breast and gluteal augmentations, liposuction and mommy makeovers. Additionally, Dr. Mofid serves an Associate Clinical Professor of Plastic Surgery at UC San Diego.

EXPERIENCE

M. Mofid M.D. FAC Facial & Reconstructive Plastic Surgery

2004 to present

Founder and Board-Certified Plastic Surgeon

Dr. Mark Mofid is a board-certified plastic surgeon in the La Jolla/San Diego area. He provides state-of-the-art aesthetic and reconstructive procedures in his warm and friendly boutique office. His practice is committed to providing compassionate and personalized care for his patients. Dr. Mofid takes as much time as necessary to visit with his patients and gain a clear understanding of their goals. He works with them to determine the best way to achieve their desired results.

Dr. Mofid is well-known in the medical community for his artistic and technical skills. He performs a variety of procedures including mommy makeovers, breast and gluteal augmentations, liposuction, and facelifts.

Medical Board of California Licensure #A83432

University of California in San Diego, CA

2004 to Present

Associate Clinical Professor of Plastic Surgery

Since 2004, Dr. Mark Mofid has volunteered to be a part of UC San Diego's faculty in their Plastic Surgery Department. In 2011 - 2012, he also served on the school's faculty for the UCSD Aesthetic Fellowship. Dr. Mofid has guided and mentored residents in the Plastic Surgery Division at UC San Diego helping them develop the skills they need to eventually build their own independent plastic surgery practice.

American Board of Facial Plastic & Reconstructive Surgery

September 2007 to Present

Diplomate

Becoming a Diplomate of the American Board of Facial Plastic & Reconstructive Surgery (ABFPRS) is a rigorous process. To receive this distinction, Dr. Mark Mofid had to complete an accredited residency program, earn his certification from the American Board of Plastic Surgery, successfully complete a highly specialized two-day exam, and have peers review at least 100 of his surgical cases.

American Board of Plastic Surgery

November 2006 to Present

Diplomate

Dr. Mark Mofid became a Diplomate of the American Board of Plastic Surgery in 2006 and is recertified until November 2026. This certification requires plastic surgeons to follow the highest standards of expertise and training. Dr. Mofid has demonstrated his dedication to ethical practices in cosmetic surgery and provides a high level of care to all his patients at his La Jolla practice.

The American Society for Aesthetic Plastic Surgery, Inc

July 2016 to Present

Chairman of the ASERF Gluteal Fat Grafting Task Force

After concerns surfaced over the safety of gluteal fat grafting procedures, Dr. Mark Mofid and his colleagues set out to discover the incidence rate of both fatal and nonfatal pulmonary fat embolisms that are associated with fat grafting. Their research included responses from 692 different plastic surgeons on these cases. Their goal was to provide recommendations that could minimize the risks associated with the procedure. Dr. Mofid led this task force as its Chairman.

PUBLICATIONS

Report on Mortality from Gluteal Fat Grafting: Recommendations from the ASERF Task Force

January 2017

Aesthetic Surgery Journal

Dr. Mofid and his colleagues formed a task force to study the numerous anecdotal and published reports on pulmonary fat embolisms resulting from gluteal fat grafting. The study was funded by the Aesthetic Surgery Education and Research Foundation (ASERF). This publication reports the findings of the task force.

The co-authors of this report are Steven Teitelbaum, MD, FACS; Daniel Suissa, MD, MSc, FRCSC; Arturo Ramirez-Montañana, MD; Denis C. Astarita, MD; Constantino Mendieta, MD, FACS; and Robert Singer, MD, FACS.
