Hello friends, we have been providing escort services in Hyderabad for years now and with huge number of satisfied customers. Our customers are very happy according to the reviews we are getting but some of our customers are asking for foreigner girls for escort services. Yes, we have some foreigner girls who are added to our agency but all of them are working for us for a long time now and these customers are requesting us for some new faces from exotic countries like Russia and Brazil. Since some customers have their passion for Russian and Brazilian beauties and everyone know girls in these countries are extremely hot and are dream of every men. We want to told you that as there were so many requests we have hired two foreigner escorts recently. So now your wait is over to spend a night with foreigner escorts.

We have recently added two new escorts which are from Russia and Brazil. These girls are extremely hot and passionate. Yes, the rates of these escorts are higher as compared to the escorts which we usually provide in Hyderabad but since they are fresh and are ongoing model I don't think the rates will matter when you will see their sensual body or figure.
