

Anthony Wright

Program & Operations Leader

Address: Warrenton, VA, US

Website: <https://www.wrightintel.net>

Email: aww@wrightintel.net

I'm a Program & Operations Leader based in Warrenton, VA. I'm also a Check Instructor and Gold Seal CFI at Aviation Adventures, where I've graduated 20+ students at a 100% first-attempt pass rate and earned the AOPA Distinguished Flight Instructor Award for the Eastern Region in 2026 — building on three-plus years flying out of Japan earlier in my Navy career. More on my flying background at aww195.com.

On the program and technology side, I'm CTO of Wright Intel Solutions, LLC. Earlier in my career I wrote and managed \$155M in software contracts at Ausley Associates, and as SETA Lead on an ACAT I program I won a proposal against three competitors and earned a perfect base-year CPARS score. More on my program-management and technology work at [wrightintel.net](https://www.wrightintel.net).

Always glad to connect — find me on LinkedIn: [linkedin.com/in/aww195](https://www.linkedin.com/in/aww195).

EXPERIENCE

PVA TePla OKOS Solutions

Nov 2020 - Mar 2023

Operations Director

Oversaw production, procurement, and a 24/7 international customer-support team for a precision-instrument manufacturer. Led the firm's ISO 9001:2015 re-certification. Doubled output to a \$12M benchmark over two years at constant staffing, with 100% on-time delivery through 2022.

Aviation Adventures

Dec 2024 - Present

Flight Instructor (Gold Seal CFI) / Part 141 Check Instructor

Check Instructor at Northern Virginia's largest Part 141 flight school. FAA Airman Certification Representative; graduated 20+ students at a 100% first-attempt pass rate; AOPA Distinguished Flight Instructor, 2026 (Eastern Region). Authored the school's Part 141 Multi-Engine Instructor curriculum.

Wright Intel Solutions, LLC

Mar 2020 - Present

Chief Technology Officer

Technology lead for a government-services consultancy. Architected and stood up the firm's complete business infrastructure — email, telephony, website, and CRM backend. Support capture and proposal development, including an LLM-driven client-research pipeline.

Modern Technology Solutions, Incorporated

Nov 2016 - Mar 2020

Principal Analyst

Managed multiple parallel projects for a Department of the Navy S&T customer. Program Manager for a 200+ person, \$120M+ Government/Industry/Academia program designing and building an advanced sensor (AESA, data links) with software integration into a military aircraft. Created and reported technical and financial metrics to stakeholders including senior OSD officials.

Ausley Associates, Incorporated

May 2011 - Nov 2016

Senior Group Manager

Managed 60 employees and subcontractors across three contracts supporting a DoD program — staffing, mentoring, performance management, and contract compliance. Software Contracts Lead: wrote and managed six software contracts spanning two aircraft operating-system upgrades on F/A-18E/F and EA-18G — \$155M over 18 months, called the most significant aircraft upgrade in over a decade by flight-test evaluators.

United States Navy

1990 - 2011

Commander (O-5), Naval Aviator — Retired

20-year Navy career flying the F/A-18. Commanding Officer / Chief Instructor Pilot, VT-9 (T-45C) – commanded 70 instructor pilots delivering 60+ Naval Aviators annually; awarded the 2010 Goldthwaite Award (Best Training Squadron in the Navy). Strike Fighter Tactics Instructor (TOPGUN graduate); Operations Officer directing combat operations from USS John C. Stennis in support of OEF. Director, Warrior Transition Program, Kuwait, 2010-2011.
