

Joseph Bisignano DVM

Joseph Bisignano, DVM - Board-Certified Veterinarian in California

Joseph Bisignano, DVM, is board certified as a veterinary internal medicine specialist. He most recently practiced at the VCA West Los Angeles Animal Hospital in California. At the hospital, he diagnosed patients with varying gastrointestinal disorders and performed corrective procedures. In addition, Joseph Bisignano, DVM, tested endocrine systems, inserted feeding tubes, and evaluated rhinoscopy results.

Dr. Bisignano previously served as a veterinary preceptor at various national parks in South Africa and as a marine mammal trainer at the New York Aquarium in Brooklyn. In his role in South Africa, he helped promote conservation at national parks and learned how to work with wild animals such as rhinoceroses, giraffes, and cheetahs.

In his leisure time, Dr. Joseph Bisignano enjoys traveling and exploring the cultures of the world. He has visited several countries, including the Netherlands, Spain, France, the United Kingdom, Italy, Mexico, and Brazil. Additionally, he frequently volunteers at the Hope Veterinary Center, which benefits the pets of individuals without homes in the Los Angeles area.
