6. Putlocker

This brings us to the top 4 on this list which is the Putlocker. This is a mixture of our top rated sites like the tubitv and Putlocker, which include both the features of excellent movies collection as well as their own rating system that are classified into Hot, Top Views Today, Top favorite and Top Rating category. With Putlocker you don't have to sign up so you can go ahead and enjoy streaming movies, right after visiting the site.

7. SolarMovie

What I like most about SolarMovie is that it lets you choose between two different homepage layouts. The default homepage is devoid of clutter and features a well-designed search function.

There's also a button that takes you to the site's old layout. This is better for browsing when you haven't decided what you're in the mood for watching. You can quickly sort movies by trending, most viewed, and IMDb rating.

Another unique feature of SolarMovie is its night mode. When you turn on this mode, the site switches to a dark-color design that's perfect for late-night movie marathons.
