

Juliet Agranoff, MS

Head of Human Resources

Human Resources Leader with proven accomplishments across all facets of human resources. Ability to successfully perform, navigate and impact small, medium and large sized organizations within multiple industries including: pharmaceutical/biotech, financial services, and consumer products. I'm passionate about strategically partnering with leaders to solve problems to drive results. I'm inspired by change efforts during mergers, acquisitions and divestitures. At The Medicines Company our purpose is to save lives and alleviate suffering by developing solutions for diseases with vast economic and social consequences.
