

Richard McCorry Michigan

President of Production Spring in Troy, Michigan

Address: Rochester Hills, MI, US
Website: <http://www.richardmccorry.com/>
Email: info@richardmccorrymichigan.com

An international operations executive skilled at turnarounds and restructuring, Richard McCorry is president of manufacturer Production Spring in Rochester Hills, Michigan. In addition to creating a new market-based pricing structure for the Michigan company, Richard McCorry implemented several systems aimed at reducing office transactions and improving operational efficiency.

Prior to joining Production Spring, Mr. McCorry spent several years as an adviser with private equity companies. He also has served as senior vice president of operations for Global Titanium, Inc., and as president and CEO of the Fabricated Products Group within H.C. Starck, Inc., where he generated cash flow of more than \$61 million in his three years with the company.

Richard McCorry serves as a board member for Formae, LLC, start-up company focused on medical implants used in arthroscopic cartilage replacement. He holds a bachelor of science in commerce and engineering from Drexel University in Philadelphia. Apart from his professional pursuits, Mr. McCorry enjoys weightlifting.
