Email: info@drgregnanneyks.com

A respected KS oncologist, Dr. Gregory (Greg) Nanney currently serves as President of the Medical staff of Newton Medical Center. With experience in treating a wide range of tumor types, including breast cancer and prostate cancer, Dr. Greg Nanney currently practices with the Central Care Cancer Center in KS. In 2016, the company was recognized through a prestigious Champion of Farmworkers Health Award.

Dr. Gregory Nanney completed his MD at the University of Oklahoma School of Medicine and undertook his fellowship work in oncology and hematology within the school's Oklahoma Teaching Hospitals. His accomplishments included earning the Solomon Papper Humane Scholarship Award and gaining entry into the Alpha Omega Alpha honor society.

Dr. Nanney's professional credentials include active membership in the American Medical Association Kansas Medical Society and Missouri State Medical Association. He has been a member of the American Society of Clinical Oncology since 1986. He works in tandem with Missouri-based Cancer Research of the Ozarks in performing clinical trials and is affiliated with the Midwest Cancer Alliance. He maintains certification in his field through the American Board of Internal Medicine.
