Ofuoma Odje earned his bachelor's degree in business information technology and computer science from London South Bank University, where he maintained a perfect GPA and graduated with first-class honors. Prior to his current role, he held a number of key positions in the technology field, including serving as a programmer with Cablevision Systems Corporation and as a senior developer with Seacor Holdings. Since launching OCAA Solutions, he has provided technology solutions to clients such as the Era Helicopters, Texadian Energy and National Response Corporation.

Outside of his professional life, Mr. Odje is an avid airplane enthusiast currently pursuing his Virtual Type rating. He also enjoys listening to music and running.
