

Dave Katra

The Diverse Professional and Personal Endeavors of Dave Katra

A provider of private licensed fiduciary services with Trusted Solutions Los Gatos in Los Gatos, California, Dave Katra has assisted clients with a wide array of estate and trust management issues for more than 7 years. Before joining Trusted Solutions in 2007, he served in a variety of project management and general management positions with National Semiconductor, a high-tech electronics company located in Santa Clara, California. Building upon his academic background as an electronic engineer, Dave Katra was instrumental in the creation of the first online microcontroller development environment. He was named a National Semiconductor "key employee" for 12 consecutive years.

Outside of the workplace, Dave Katra gives back to the community through activities with his local church. A dedicated member of the Los Gatos Morning Rotary, he also volunteers with Lighting for Literacy, Youth Enterprise Leadership, and other Rotary-sponsored projects. In his limited free time, Mr. Katra enjoys cooking, eating a wide variety of ethnic foods, and entertaining family and friends.
