

Andrew Muc

Andrew Muc - Experienced Corporate Accounting Manager

A member of the American Institute of Certified Public Accountants, [Andrew Muc](#) is an accounting manager at the Princeton, New Jersey-based firm NRG Energy, Inc. In this position, he oversees and facilitates all aspects of accounting services for the company, focusing especially on matters of consolidated debt and standalone reports. Andrew Muc provides a consolidated financial results report to the firm on a monthly basis and coordinates with onsite IT personnel and reporting professionals to ensure synergy among NRG's financial accounting support systems.

Prior to working with NRG's general corporate accounting department, Mr. Muc served as accounting manager for NRG Energy's northeast operations. Qualified to lead in a variety of accounting functions, he is a certified public accountant in the Commonwealth of Pennsylvania and holds a bachelor of science in commerce and engineering with a concentration in accounting from Drexel University in Philadelphia, Pennsylvania. Furthermore, [Andrew Muc](#) is proficient with several accounting software suites including Oracle, Hyperion Financial Management, and SAP.
