Highly skilled ARRT-certified Radiologic Technologist with 6 years of experience specializing in diagnostic imaging. Expert in X-rays, CT scans, MRIs, and ultrasounds, known for exceptional patient care and collaboration with multidisciplinary medical teams. Proven ability to adapt to new technology and continuously enhance imaging techniques for improved diagnostic accuracy.

SKILLS

Diagnostic Imaging (X-ray, MRI, CT) || Patient Safety and Care || Radiological Equipment Maintenance || Efficient Workflow Management || Team Leadership and Training

WORK HISTORY

Mercy Health Radiology Clinic, Healthville, TX

July 2019 - Present

Lead Radiology Technician

- Spearheaded the implementation of a new MRI protocol, increasing diagnostic accuracy by 30%.
- Supervised a team of 10 radiologic technologists, ensuring efficient workflow and high-quality imaging results.
- Coordinated with the Chief Radiologist on complex cases, contributing to a 20% increase in successful diagnoses.
- Developed a patient education program to alleviate anxiety and improve cooperation during imaging procedures.
- Managed the transition to a new digital radiography system, leading training sessions for staff.

Community Medical Center, Healthville, TX

June 2017 - June 2019

Radiology Technician

- Performed over 5,000 radiographic examinations, consistently receiving high patient satisfaction ratings.
- Assisted radiologists with the interpretation and analysis of images for accurate diagnosis.
- Played a key role in the quality assurance team, reducing image retake rates by 15%.
- Assisted in evaluating and purchasing new imaging equipment, improving department efficiency.
